

POUND THE ROAD. NOT YOUR FEET.

GEL-NIMBUS £140

- The most comfortable running shoe for **neutral** runners
- Your foot **bounds off the ground** thanks to the bouncy FluidRide midsole
- Your **full power goes into each push-off** thanks to the flexible sole
- **Comfortable to wear** thanks to a snug upper made with stretchy mesh

GEL-GLORIFY £115

- The full-length SpEVA 45 lasting and FluidRide midsole give you the **ultimate plush ride with great bounce-back**
- With rearfoot and forefoot GEL, your foot is **cushioned from landing through to push off**
- **Excellent forefoot flexibility** with new flex grooves on the outsole
- With Full Length Guidance Line, your foot is guided through the gait cycle so you can **run more efficiently even when fatigued**

GEL-CUMULUS £110

- **Get powerful push offs** with a bouncy FluidRide 2.0 midsole and straighter platform under your big toe
- Make your running as efficient as possible with a flex groove down the outsole that **guides your foot**
- **Soften every landing** with GEL cushioning in the back and front
- **Go faster** with the new CUMULUS that's 5g lighter than the past edition

GEL-PULSE £85

- Enjoy superb **comfort** from the **bouncy midsole** to the GEL cushioning
- Improve your efficiency with a new forefoot and rearfoot set-up and a flex groove down the outsole that **guides your foot**
- Get a **smooth, easy stride** thanks to the bouncier Super SpEVA midsole

NEUTRAL CUSHIONING

STRUCTURED CUSHIONING

GEL-KAYANO £145

- **Improved stability** for each stride with a stronger trusstic and dynamic duomax technology
- **Protect your feet** from impact with GEL cushioning
- Enjoy a **light, bouncy** feel as you run thanks to the lightweight structure
- Stay **comfortable** with a snug fit that prevents slipping and rubbing

GEL-LUMINUS £115

- Get that much-needed **stability** in the heel and midfoot
- Feel **comfortable** with more room for your forefoot to move
- **Land gently** with GEL cushioning under your heel

GT-2000 £115

- The **flexible, comfortable** sole lets your forefoot move freely as you run
- **Soft landings** come as standard thanks to the rearfoot GEL cushioning

GEL-INDICATE £90

- The new GEL-INDICATE has a Fluid Ride midsole made of 2 cushioned layers - giving you much more **comfort and improved support**
- The Guidance Line technology guides your foot from impact through to push-off. That gives you a **more efficient and comfortable running style**
- And these trainers **cut down irritation** with less stitching in the upper

GT-1000 £100

- Make every **landing a little softer** thanks to the rear and forefoot GEL cushioning
- **Let your foot be guided** from the moment it touches the ground to the moment it pushes off
- Get the **support** you need to comfortably take on **long distances**
- The latest in a long line of shoes that began with the Gel 1002
