EXCLUSIVE AT
INTERSPORT

 **asics**[®]

PERFECT COMFORT
FOR YOUR LONG RUNS
THE ASICS GEL-INDICATE OFFERS
THESE TECHNOLOGIES:

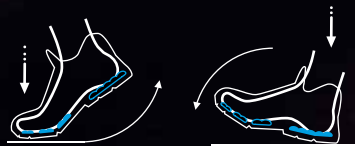

FLUIDRIDE® 2.0

:: The FluidRide® 2.0 technology combines two brand new midsole materials: SUPER SpEVA®, which offers 20% more rebound potential than normal SpEVA®, and Super SOLYTE®, which is 15% lighter. Their combination with the new outsole design, provides an even more dynamic run.

DYNAMIC DUOMAX®

:: Next generation DUOMAX® SYSTEM provides greater comfort and enhances gait efficiency.

GEL™ CUSHIONING SYSTEM IN FORE- AND REARFOOT

:: The GEL™ ELEMENTS attenuate shock during impact and toe-off phases, and allow movement in multiple planes as the foot transitions through the gait cycle.
